

VILLAGE OF  
PORTVILLE

## WASTEWATER UPDATES

# ONLY FLUSH THE 3 P'S!

The Village of Portville is working towards updating our wastewater treatment facility and infrastructure to promote public health and avoid a possible environmental disaster.

### how you can help:

- 💧 If not one of the 3 P's, do not flush!
  - 💧 "flushable" wet wipes, paper towels, feminine care products, dental floss, medications & other chemicals, hair, etc
- 💧 Educate others

\* the items listed above may clog and/or damage the sewer system
